

100 BRIDGES

EFK♦Moen, LLC

EFK Moen Celebrates Completion of 100 Bridge Designs –

EFK Moen has offered structural design since 2000, and at the close of 2014 our staff has completed 100 bridge designs, and have developed trusted working relationships with MoDOT, St. Louis County, St. Charles County, Jefferson County and many municipalities and private clients in Missouri; and trusted working relationships with IDOT, the Illinois Tollway Authority and many consulting firms in Illinois.

EFK Moen structures are open-to-traffic in rural and urban areas and on major corridors in the Midwest, including Mid Rivers Mall Drive over Route 364 in St. Charles County, MO; Cass Avenue over I-70 in St. Louis; I-57 at Route 13 in Marion, IL; IL Highway 9 over Shaw Creek in Fulton County, IL; at Bicentennial Park in Belleville, IL; and walls and bridges at the Diverging Diamond Interchange in Springfield, MO.
